RE: Request for Waiver of Coupon Count Regulations

Dear Ms. Medina:

Revel Entertainment ("Revel") has requested a waiver of certain portions of N.J.A.C. 13:69D-1.33(m) and (o). These regulations require table game coupons to be counted separately by denomination. The regulations were drafted on the assumption that counting equipment could not read the coupon barcodes, necessitating a separate count.

Revel and other casino licensees possess counting equipment which is able to read the coupon barcodes and produce detailed reports regarding denominations, number of coupons and amount of coupons. Accordingly, the Division is in the process of proposing rule changes which will recognize this advancement and permit coupons to be bulk counted. Revel requests a waiver to be permitted to immediately commence using the bulk count method. As the Division is prepared to amend the regulations, there is good cause shown to grant the requested waiver.

Revel's request for a waiver of N.J.A.C. 13:69D-1.33 (m) and (o) is granted to the extent that Revel shall be permitted to use its counting equipment to bulk count table game coupons.
